Product short description:

The Butterfly Bulb brings you the whimsy and fun of a butterfly - all wrapped up in one of the most amazing dimmable LED light bulbs you've ever seen. You'll find that this is the perfect bulb to put just about anywhere. (We highly recommend combining it with one of our Fermaluce lights for a great effect.) These are wonderful bulbs to add a little fun to any space, but work especially great in kids' rooms. The flexible filament of the Tube Bulb is wrapped in a transparent protective casing and produces the silhouette of a butterfly.

There is no exterior glass on this bulb like traditional bulbs have, only the encased flexible filament. To adjust its intensity, simply connect it to a dimmer.

Product description:

Light bulb type: LED
Fitting: E26
Diameter: 5.1"
Volt: 120
Watt: 12
