Product title:

Cube Cement Pendant Lamp Shade | E26 Socket & Cable Retainer

Product attributes:

Product image:

Product price:

\$44.20 tax included

Product short description:

The Cube cement lamp shade isn't just like any other cover for your socket, it's an actual lamp shade, an element of design for your home that will add personality to open, luminous settings, such as lofts or any minimalist or industrial room.

Thanks to the nature of the material, each cement lamp shade is unique, making this product that much more special!

Most of all, the neutral tone and rough surface are perfect to create captivating contrasts with Creative Cables' colored fabric cables.

Attention! Light bulb NOT included.

Product description:

The Cube cement lamp shade can be used with bulbs up to 3.74 inches in diameter, and comes with a set consisting of threaded rod and washers, cable retainer and a grounded smooth phenolic E26 socket.

For better safety and durability, with the Cube cement lamp shade it is necessary to use Creative-Cables' 3x0,75 cables, available twisted or round in many different colors or patterns.
