Product price:

\$61.50 tax included

Product short description:

Create elegant pendant lamps with one or more falls with the lamp shade Bell XS.

Its **small dimensions** make this lamp shade, entirely made and decorated in Italy, the perfect accessory to create elegant and original lamps and chandeliers.

Light up a kitchen counter by combining several lamp shades of the same size or create original suspensions on tables and in refreshment areas by combining Bell XS with her larger sisters of more generous dimensions.

Bell hangs simply: knot any fabric-covered cable to the loop at its end and insert a E26 socket to screw on the design lamp you have chosen for your pendant lamp.

Every finish of this lamp shade is designed to allow you to create the right atmosphere in the rooms you are furnishing: choose glossy white for a clean and elegant effect or the blackboard effect to give an original touch to your lamp, or choose the most original paints, such as rust and cement, to create a perfect suspension for an industrial style environment.

Attention! Bulb and socket NOT included.

Product description:
