**Product short description:**

This Harbour lamp shade in enamelled metal with E26 socket is the perfect solution to illuminate indoor and outdoor spaces alike. The ample openings around the lamp holder and the 14.96 inches diameter offer a broader light diffusion for a striking visual impact. The enamelled finish ensures an easy to clean, weather-resistant surface.

The contemporary design makes this lamp shade a versatile product which easily blends in with different decors and furnishings. What makes this lighting accessory ideal for kitchens, living rooms and gardens is its unique combination between functionality and style.

Don't know which light bulb to pick? We suggest pairing this lamp shade with our LED light bulbs with straight or curved filament for a complete vintage look.

Attention: light bulb and lamp holder NOT included.
