Product short description:

UFO - Unconventional Flying Object is a line of lamp shades born from the **collaboration between Creative-Cables and some of the most promising names in Italian illustration** during Fuorisalone and Milan Design Week 2018.

Each lamp shade is crafted from **poplar wood**, has a diameter of 12.99 inches, and a thickness of 0.197 inches. It's reversible, allowing you to change its look and refresh your space at any time.

The illustrators contributing to this series bring a wide range of styles and design approaches. Some favor geometric patterns, others create soft, whimsical designs, and still others use vibrant, bold colors. These double-sided illustrations will add a unique and original touch to any environment.

Transform the UFO lamp shade into a pendant light, wall sconce, or ceiling fixture. Choose your favorite design from the available finishes and complete your lamp with Creative-Cables components, bulbs, and fabric-covered cables.

Attention! Bulb and socket NOT included.

Product description:

UFO double-face wooden lamp shade - technical characteristics:

Material: Poplar wood.

E26 socket.

Diameter: 12.99 inches.

Hole opening: 1.65 inches.

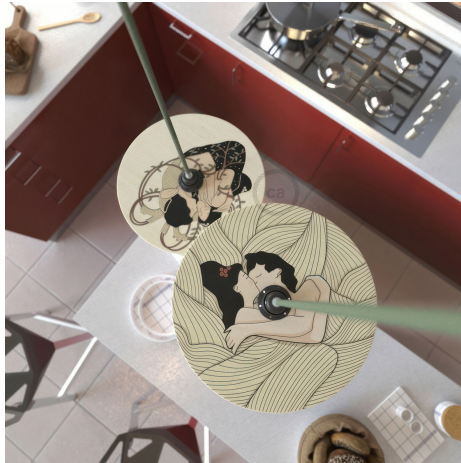

Thickness: 0.2 inches.
