Product short description:

Zigh-Zagh is the ceiling support that allows you to create original pendant lamps, not only because of its shape, but also because of the length adjustment function that allows you to adapt the light to every situation.

Zigh-Zagh is made in Italy, in zero-km beech wood carved in Turin, which can be impregnated or painted with whichever colour you like. Wood is a natural material able to evoke very different styles: Scandinavian, shabby, country, industrial, nautical and many others! Thin transparent wires are used to attach it to ceiling hooks, both included in the kit.

Zigh-Zagh is the ideal ceiling fixture to create perfect suspension lamps to illuminate kitchen islands, dining tables and any other room always giving a modern and unique touch.
