Product short description:

A suspension lamp designed for lovers of **vintage** and lighting solutions with an essential design with an exposed light bulb.

This pendant lamp is ideal to give a retro touch to any room: the satin metallic finishes are perfect to add a classy detail, while thanks to the exposed light bulb **you can bright up even those rooms where natural light is most scarce.**

Use this ceiling lamp to **illuminate a loft furnished with unique pieces found at the city's busiest vintage markets**, light your kitchen counter or dining table by using it in series or make it shine in a hallway or a bedroom.

This chandelier is ready to be installed by expert hands and you can buy it already **complete with bulb**: we have chosen for you the Edison ST64 bulb with curved filament double loop transparent or golden depending on the finish you choose, but alternatively you can take a look at our assortment of LED design bulbs to find the one that best suits your style.

Product description:

Hanging lamp composed of:

120 cm of 2x0.75 textile cable of the selected color

1 metal canopy of the selected finish

1 E26 smooth socket

1 cylindrical E26 metal socket cup of the selected finish

Light bulb [DG-ST64-AMBER]: LED, ST64, 5,5W, 250 Lm, 2000K, E26, width 64 mm, dimmable

You can also purchase this lamp in the Matter-integrated version, for lighting control with your voice or the apps you already use regularly. Turn the lights on and off, create automations, and make your lights interact with other smart home devices easily and without the need for installation.

NOTE: If a wall switch is connected directly after the line cable, turning off the lamp will also cut off power to the Matter switch. Consequently, it will no longer be able to receive commands via voice or app. However, once the light is turned back on from the wall switch, the Matter switch will be powered again and resume normal operation.
