Product price:

\$76.40 tax included

Product short description:

A pendant lamp designed for those looking for a lighting solution with an industrial design inspired lampshade.

The metal mesh structure of the Ghostbell XL cage lampshade that surrounds the bulb and the metal finishes of this ceiling lamp make it an ideal lighting solution to bring factory style to your home.

We recommend you use it to **light large rooms, such as lofts and living rooms**, or to give a contemporary touch to a dining table.

This chandelier is ready to be installed by expert hands and can be purchased already **complete with bulb**: we have chosen for you the golden Edison ST64 LED bulb with long filament that will give a steampunk touch to your new lamp, but alternatively you can take a look at our assortment of design LED bulbs to find the one that best suits your style.
