Product short description:

Embellish ceiling canopies and sockets using the 0.59in-long cable clamp with cylindrical metal dowel.

Thanks to its colour and size, this cable clamp makes a striking visual impact and can be an additional decorative touch to any suspension.

Complete with threaded tube, nut and washer, it will fit any socket and ceiling canopy.

The 0.59in cylindrical metal cable clamp is available in all glossy or satin metal finishes from the Creative-Cables component range: choose the one that best matches the lamp you wish to assemble.
