Product short description:

Cables12 is a portable lamp in alder wood with threaded lamp holder with double ferrule. This versatile and fully customizable product comes with a hemispherical wooden base and an elegant metallic extension which add a clean, sophisticated touch. Pair it with your favourite lampshade from our [website](#) and use this product in any corner of your home without the need of a socket nearby thanks to its rechargeable battery (Li-ion 18650 battery)

What makes the Cables12 lamp so special?

The lamp is made special by a number of details: the sturdy natural or painted wooden base, the Made in Italy quality, and the rechargeable battery. Use it to effortlessly light up your terrace, nightstand, kitchen counter and so much more... and when it needs recharging just connect it to a wall plug, power bank or laptop with a USB-C cable.

Cables12 lamp features

This table or desk lamp comes with an elegant hemispherical base available in three finishes: natural wood (with shades of alder) black or white (for a subtle yet captivating effect). If the base is black or white the metallic extension will be matching, whilst for the natural wood base we decided to go for white extensions and lamp holders.

Last but not least, the brass touch power button, which adds a gorgeous finishing touch to the product.

Is this lamp dimmable?

Yes, just press the button to choose from three brightness intensity levels. Find the right lighting for every occasion.

Why choose the Cables12 lamp?

Thanks to the replaceable [5 volt light bulbs](#) and rechargeable battery the Cables01 lamp is the perfect choice if you're looking for a portable lamp which adapts to any situation. Available in three finishes to guarantee full versatility.

The Cables12 lamp is **Made in Italy**: a prestigious guarantee, symbol of worldwide excellence.
