Product short description:

Cables11 is a portable lamp in alder wood with a threaded double ferrule lamp holder. Minimal and versatile, this product comes with a cone shaped wooden base and can be paired with the [Impero mini lampshade](#), available in various colours and fabrics. Moreover, thanks to its rechargeable battery (Li-ion 18650 battery), bring this lamp with you anywhere without the need for a power outlet.

Which features make Cables11 a unique lamp?

This unique product was made in Italy, with a sturdy base in natural or painted wood. It's a 5 volt lamp powered by a rechargeable battery which makes it adaptable to many different occasions, from the restaurant table to the bedside table. Then easily recharge it by connecting it to any wall charger, laptop or battery pack by using a simple USB-C cable (not included).

How is the Cables11 lamp designed?

Suitable for any environment, this table or desk lamp comes with a conical wooden base. You can select classic or designer colours for the base, as well as a natural option with a wood grain. Cables11 also features an elegant ignition button in brass which is activated by touch.

Is this lamp dimmable?

Yes, just touch the button to adjust the different brightness levels. Brighter lighting for reading or writing, or softer to wind down and relax. .

Why choose the Cables11 lamp?

The rechargeable battery and interchangeable 5 volt light bulbs make this lamp the ideal product for those looking for something versatile and portable to use in different occasions. The different finishes also allow you to match the lamp to any décor and furniture style.

Lastly, the Cables11 lamp is Made in Italy: a product created and crafted in Italy, proudly bearing the symbol of excellence known worldwide.
