Product short description:

Cables11 is the perfect lamp base for a lampshade if you're looking for a portable and versatile design lighting accessory. The elegant conical shape is suitable for any type of furniture and style. Moreover, it can be used anywhere, as thanks to the rechargeable battery, it doesn't need an electric source nearby. .

Available in different finishes, this wooden lamp base is fully modular to allow our clients to choose the light bulb they prefer among the 5 volt LED options, to create a product which blends functionality and aesthetics.

What makes Cables11 lamp base so unique?

This portable lamp base is powered by a rechargeable battery (Li-ion 18650 battery). It can be used in various settings, from the table of a restaurant to the living room. Easily recharge it by connecting the base to a wall charger, laptop or battery pack using a simple USB-C cable (not included).

Features of the Cables11 lamp base?

Perfect for any style, this table or desk lamp base features an elegant conical shape designed to subtly stand out. Choose between a natural wood base to see the grains of the alder wood, or opt for a painted finish with essential and minimal shades. Furthermore, with the Cables11 lamp base, you can select from various 5-volt LED light bulbs and easily interchangeable lampshades. Moreover, the brass touch button adds an additional charm to this lamp base.

Is the lamp dimmable?

Yes, just control the brightness levels with the touch button. Increase the light for reading or writing, or dim it for a more relaxed and soothing ambiance.

Why choose the Cables11 lamp?

If you seek a battery lamp that is both portable and versatile, Cables11 is the perfect option. Its rechargeable battery and swappable 5-volt bulbs provide limitless possibilities. Choose from various finishes to tailor the product to any room and style.
