Product short description:

Bring the magic of colors into your home with the 'Kaleidoscope' collection. These lampshades with vibrant geometric designs are a true anthem to good mood, creating a dynamic and stimulating visual effect. Each design is an intricate puzzle of vivid shades and sharp lines that capture the eye, transforming the lighting of each room into a unique experience.

The size of each mini plate is 9,4" in diameter, to best fit both ceiling lamps and wall lamps. The innovative use of Dibond®, a durable and versatile material, ensures that each piece is long-lasting, able to withstand time and adapt to any environment, indoors or outdoors. Designed and made in Italy, the lampshades from the 'Kaleidoscope' collection become the focal points of the space with their balance between aesthetic boldness and functionality.

Product features:
