Product short description:

Experience the magic of sound-absorbing light with LAMPSHHADE, the elliptical lampshade from the ...SHH... collection.

Crafted from strips of sound-absorbing material, LAMPSHHADE creates a soft, enveloping glow while enhancing acoustic comfort. Its elliptical shape—a timeless design classic—has been reimagined with sustainability in mind. Featuring 16 vertical slats and 3 horizontal supports, all made from recycled PET, it ensures impeccable structure and effortless assembly. This also allows for compact and efficient shipping, minimizing its environmental footprint.

Available in a range of refined shades, LAMPSHHADE seamlessly merges aesthetics with functionality, elevating any space. With LAMPSHHADE, light is not just seen—it is felt, offering a truly immersive sensory experience.

Change the look of your lamp in an instant! This lampshade can be easily mounted on any pendant lamp that has already been installed, without the need for additional adjustments. A simple and quick way to transform the atmosphere of any space.

Product description:
