### **Product short description:**

One of our most requested and most popular bulbs. The MATTY 25 by Bulb Statement is handmade with a milky white finish that revolutionizes this LED light bulb's aesthetic! It's the perfect globe shaped G25 light bulb.

The filament inside emanates a warm and intimate light just like old-fashioned bulbs of yesteryear. But unlike the golden days you are able to adjust this bulbs luminous intensity to adapt it to different spaces and moments, since it is dimmable.

This light bulb is 3.15" in diameter and gives off 600 lumens of light using only 6 watts of energy. The color of light is warm at 2700K. And we guarantee this Teardrop shaped oversized light bulb for 3 years.

The base size of the screw in portion of these bulbs are E26 which is the "standard" size of normal bulbs.
