Product price:

\$1.40 tax included

Product short description:

The subtle sheen rendered by the Italian rayon fabric we use to wrap our cables with gives them a hint of glamour and modern appeal.

We recommend using the Pixel Pink RX00 wrapped cables to put the perfect finishing touches on your modern DIY creations.

Product description:

How to choose your cable: our cables come in many different colors, fabrics and finishes with new styles added all the time. Start by determining the electrical needs of your project. We offer 2 conductor as well as 3 conductor cable. Use 3 conductor cable for items that require a ground wire such as hardwired pendant lights. Our Twisted cable is 2 conductor and works great as a

power cable for vintage fans or desk lamps.

Always consult a qualified electrician if you have questions or concerns.

Choosing a fabric: we have fabric covered cables to match any style you are looking for. For a modern look, check out our rayon, glitter or metallic cables. For a vintage or transitional look, our premium Italian linen and cotton fabrics are second to none. You are the designer but we are here to help. Feel free to reach out if you have any questions!

No matter which cable you choose, you will receive the absolute highest quality fabric cable available. 100% made in Italy.

UL: currently none of our cables are UL listed. We are diligently working on getting them certified for the North American market and are excited to bring them to lighting and electrical manufacturers. All of our cables currently meet CE safety standards in Europe.

Specifications:

SVT Wire

3x18 AWG

300 Volt max

Diameter: 6.6mm for 18/3
